

Recent lecture/presentations activity

| NAME | POSITION TITLE |
|---|---|
| Schadde Erik, MD, FACS, FEBS (HPB) | (1) Associate Professor of Surgery, Dept. of Surgery, Rush University Medical Center, Chicago, Illinois, USA (2) Leitender Arzt (Consultant), Dept. of Surgery, Cantonal Hospital Winterthur (3) Research Associate, Institute of Physiology, University of Zurich, Switzerland |

- 01/2011 “Hemangiomas and other benign lesions” | Invited lecture | First EHPBA Postgraduate Course on HPB Surgery, Zurich, Switzerland
- 04/2011 “Integration of DCD Liver Allografts into Clinical Practice: what can we expect over the next decade?” | Invited lecture | Early morning workshop: Diving into the deep end of the liver donor pool, Moderator: John Renz, American Transplant Congress, Philadelphia, USA
- 9/2011 “Liver and pancreas tumors: chances and risk of current strategies” | Lecture, “Medidays” Symposium | University Hospital Zurich, Zurich, Switzerland
- 11/2011 “Two Stage Liver Resections” | Invited lecture | Workshop Swiss Tumor Board Bern, Switzerland
- 01/2012 “Two Stage Liver Resections for Colorectal Cancer Metastasis” | Invited lecture | Workshop “Targeted Therapy and Gastro-intestinal tumors”. Swiss Tumor Board, Zürich, Switzerland
- 05/2012 “Scores in Liver Transplantation- useful tool or useless gadgets?” | Invited Lecture | Grand Rounds Department of Surgery, University of Goettingen Medical Center, Goettingen, Germany
- 05/2012 “Associating Liver Partition with Portal Vein Ligation for Staged hepatectomy” | Invited lecture | XIX. Prague Surgical Days, Congress of the Czech Society of Surgery | Prague, Czech Republic (Invited lecture)
- 05/2012 Participation as Consultant “SIR-Spheres EU Surgical Advisory Board Meeting” | Paris, France
- 06/2012 “Risk assessment in DCD Liver transplantation – which recipient should be selected?” | Accepted presentation | 99. Annual Meeting of the Swiss Society of Surgery, Davos, Switzerland
- 06/2012 “Impact of portal vein manipulation on complications after right hepatectomy” | Accepted presentation | 99. Annual Meeting of the Swiss Society of Surgery, Davos, Switzerland
- 06/2012 “A new accelerated technique of staged hepatectomy for bilobar liver lesions: Associating Portal Vein Ligation and Parenchymal Transection for Staged Hepatectomy (ALPPS)” | Accepted presentation | 99. Annual Meeting of the Swiss Society of Surgery, Davos, Switzerland
- 06/2012 “Risk assessment in DCD liver transplantation- which recipient should be selected?” | Poster presentation | American Transplant Congress, Boston, USA
- 07/2012 “Two-stage hepatectomies are not associated with more complications than hepatectomies in one step” | Accepted presentation | IHPBA Paris, France
- 09/2012 “In-Situ Split Staged Hepatectomy (ISSH) as a salvage procedure after a staged hepatectomy with no progression to the second step - A case report” | Invited lecture | Workshop “Management of CRC with liver metastases”, Swiss Tumor Board Bern, Switzerland

- 09/2012 “A new two-stage technique for liver resection: ALPPS” | Invited lecture | International Farewell Symposium, Prof. Dr. Freddy Penninckx, University Hospital Leuven, Belgium (Invited Lecture)
- 04/2013 “ALPPS is superior to other two stage procedures“ | Poster presentation | Clinical Research Day |University Hospital Zurich, Zurich, Switzerland
- 05/2013 “Associating Liver Partition with Portal Vein Ligation for Staged Hepatectomy” | Invited lecture | XX. Prague Surgical Days, Prague, Czech Republic
- 05/2013 ”ALPPS registry” | Invited lecture | Annual Meeting of German Surgeon 2013, Munich, Germany
- 06/2013 “ALPPS is superior to other two stage procedures“ | Accepted presentation | European HPB society (EHPBA) congress, Belgrade, Serbia
- 06/2013 “Low starting volume of the future liver remnant is associated with failure to reach a sufficient liver volume prior to hepatectomy after portal vein embolization.” | Accepted presentation | European HPB society (EHPBA) congress, Belgrade, Serbia
- 06/2013 “ALPPS for Extensive Liver tumors is as safe as conventional Two-Stage Procedures –Assessment by the Novel Comprehensive Complications Index.” | Accepted presentation | European HPB society (EHPBA) congress, Belgrade, Serbia
- 06/2013 “ALPPS registry“ | Invited lecture | European HPB society (EHPBA) congress, Belgrade, Serbia
- 06/2013 “ALPPS is superior to other two stage procedures“ | Accepted presentation | Annual Meeting of the Swiss Society of Surgery, Berne, Switzerland
- 09/2013 “ALPPS, a young procedure grows up” | Invited lecture | Czech Society of Surgery Congress, Pilsen, Czech Republic
- 10/2013 “ALPPS is Superior to other Approaches to Eradicate Liver Tumors not Amenable to a Single Surgical Procedure, Results of a Multicenter Analysis” | Accepted presentation | American College of Surgeons Meeting Washington, District of Columbia, USA
- 11/2013 “Liver surgery” | Invited lecture CME | Diagnosis of liver disease: 10. Symposium of Radiology Technicians, CME, Department of Radiology, University of Zurich
- 03/2014 “State of the Art Lecture: How to safely climb the ALPPS” | Invited lecture | Conference: Trends in Oncosurgery, First Military Hospital and Faculty of Medicine Charles University Prague, Czech Republic
- 03/2014 “First report of outcomes from 202 patients in the International ALPPS registry” |accepted presentation | Congress of the International HPB society (IHPBA) | Seoul, Korea
- 04/2014 “First report of outcomes of 202 patients in the International ALPPS registry” | accepted presentation | 21st meeting of the European Surgical Association (ESA), Athens, Greece
- 04/2014 “Functional reserve and borderline resectability of the liver” | Lecture continued medical education | German College of Surgeons “CME Liver surgery”, Frankfurt/Main, Germany
- 04/2014 “ Two-stage Hepatectomies” | Lecture |Symposium Swiss HPB Center: Innovative Therapies and Networks, University Hospital Zurich, Switzerland
- 05/2014 “Is it safe to climb the ALPPS?” | Invited lecture | Yearly Congress of the Swiss Society of Surgery (SGC), Berne, Switzerland
- 07/2014 “Shall we climb the ALPPS” | Invited lecture | Grand Rounds Department of Surgery, Ludwig-Maximilians-University Munich, Germany
- 08/2014 “Is it safe to climb the ALPPS” | Invited lecture | Department of Surgery Grand Rounds, Rush University, Chicago, USA

- 10/2014 “Presentation of the ALPPS technique and the ALPPS register” (15 min) | Invited lecture | “Challenges colorectal liver metastases, liver tumors and transplantation.” – Interdisciplinary symposium HPB und Transplant Surgery Fall of 2014, Magdeburg, Germany
- 11/2014 “ALPPS- Trials and Tribulations of a novel hepatectomy in two stages.” | Invited lecture | Grand Rounds Department of Surgery University of Illinois Chicago, USA
- 01/2015 “Can we safely climb the ALPPS?” | Invited lecture | Grand Rounds Department of Surgery University of California, San Francisco, USA
- 01/2015 “Targeted therapy and gastrointestinal tumors” | Invited lecture | “Sharing Clinical Experiences” A Pfizer Oncology Initiative, Zurich Airport, Zürich, Switzerland
- 02/2015 “Converting the unresectable to the resectable: ALPPS” | Invited lecture | Scandinavian liver week 2015, Karolinska Institute Stockholm, Sweden
- 03/2015 “Functional reserve and borderline resectability of the liver” | Lecture continued medical education | German College of Surgeons “CME Liver surgery”, Frankfurt/Main, Germany
- 04/2015 “Liver function after stage 1 and MELD score prior to stage 2 are predictors of mortality after ALPPS. An analysis of 319 patients in the International ALPPS registry” | Accepted presentation | Congress of European HPB society, Manchester, UK
- 05/2015 “ALPPS and Beyond ALPPS: The Role of Rapid Hypertrophy in Liver Surgery” | Invited lecture | Grand Rounds Duke University Department of Surgery, Duke University School of Medicine, Durham NC, USA
- 11/2015 “Functional Assessment of the rapidly growing liver” | Invited lecture | 5th International Workshop on the treatment of hepatic and lung metastases of colorectal carcinoma (www.oncology-bnc.com), Hotel NH Barcelona Constanza, Barcelona, Spain
- 11/2015 “Increasing safety in complex liver surgery.” | Invited lecture | Belgian Section for Hepatobiliary and Pancreatic Surgery of the Royal Belgian Society of Surgery, 15th post-graduate course “Improving outcomes in HPB surgery”, President: Olivier Soubrane Chateau de Seneffe, Seneffe, Belgium
- 03/2016 “ALPPS and beyond ALPPS. The role of rapid hypertrophy in liver surgery” | Invited lecture | Department of Surgery Grand Rounds, University of Chicago, Chicago, Illinois
- 04/2016 “Functional Assessment of the rapidly growing liver.” | Invited lecture | First International HPB conference in Israel - HPB days in Safed, Safed Israel
- 04/2016 “Why rapid hypertrophy matters in liver surgery – from bedside to the basic science and back to bedside” | Invited lecture | First International HPB conference in Israel - HPB days in Safed, Safed Israel
- 04/2016 “ALPPS Leads to Rapid Liver Regeneration by Inducing Hypoxia in the Growing Liver” | Accepted mini-oral presentation | Conference of the International HPB society, Sao Paulo, Brazil
- 05/2016 “Hypoxia as the trigger of liver regeneration” | Invited lecture | Symposium: One day on liver regeneration – University of Amsterdam Medical Center, President: Thomas Van Gulik
- 05/2016 “Complex liver surgery because of a small liver remnant” | Invited lecture | Symposium: In the limits of hepatopancreaticobiliary surgery – University of Zaragoza Medical Center Miguel Servet, President: Alessandro Serrablo
- 05/2016 Video Presentation “Introduction of laparoscopic right hepatectomy at a Cantonal Hospital” | Accepted Video | Congress of the Swiss Society of Surgery, Lugano, Switzerland
- 06/2016 “Regenerative liver surgery” | Invited Grand Rounds | Department of Medicine Rush University Medical Center | Dr. Jochen Reiser, Chairman of Medicine

- 06/2016 “ALLPS and beyond ALPPS – Regenerative liver surgery to treat advanced liver tumors | Invited Grand Rounds | Division of Gastroenterology Rush University Medical Center | Dr. Ali Keshavarzian, Head of Section of Gastroenterology, Rush University Medical Center
- 11/2016 “ALPPS – the use and abuse of rapid liver hypertrophy” | Invited lecture | The 5th Hangzhou International Congress of HPB and Minimally Invasive Surgery | Prof. Defei Hong | Hangzhou, China
- 12/2016 “Challenging resectability- Clinical results from ALPPS” | Invited lecture | 10th European Colorectal Congress 2016 | St. Gallen, Switzerland
- 01/2017 “Associating Liver Partition and Portal Vein Ligation for Staged Hepatectomy (ALPPS) for liver metastases” | Invited lecture | Middle East Endovascular Therapy & Interventional Oncology Symposium | Cairo, Egypt
- 01/2017 “ALPPS in liver surgery: challenging resectability” | Invited lecture | Grand Rounds Department of Visceral Surgery and Surgical Oncology, University Hospital Hamburg Eppendorf | Prof. Jakob Izbicki | Hamburg, Germany
- 02/2017 “Regenerative liver surgery for borderline resectable liver tumors: PVE, ALPPS and LVD” | Invited lecture | First Annual Hepatobiliary course, Medical and Surgical Updates | Florida Hospital Orlando Creation Conference Center | Dr. Tom Chin | Orlando, Florida
- 04/2017 “Rapid Hypertrophy – Why we don’t need ALPPS” | Invited lecture | European Society of Digestive Surgery | Postgraduate Course | Attila Szijártó | Budapest | Hungary
- 05/2017 “Lessons learned – who does not qualify for ALPPS” | Invited lecture | European-African Hepatopancreaticobiliary Association 12. Biennial Congress 2017 | Prof. Dr. Hauke Lang | Mainz | Germany
- 05/2017 “Portal vein collaterals correlate with liver hypertrophy in a pig model of ALPPS” | Accepted presentation | European-African Hepatopancreaticobiliary Association 12. Biennial Congress 2017 | Prof. Dr. Hauke Lang | Mainz | Germany
- 05/2017 “Portal vein collaterals correlate with liver hypertrophy in a pig model of ALPPS” | Accepted presentation | Congress of the Swiss Society of Surgery 2017, Berne, Switzerland
- 05/2017 Video Presentation “Parenchymal sparing laparoscopic liver resections for liver metastases: Lesions close to the hilum and the hepatic vein confluence.” | Accepted video presentation | Congress of the Swiss Society of Surgery 2017, Berne, Switzerland
- 05/2017 Video Presentation “Techniques of laparoscopic liver resection: Demonstration of the precauterization technique” | Accepted video presentation | Congress of the Swiss Society of Surgery 2017, Berne, Switzerland
- 09/2017 Lecture “Physiology of Liver Regeneration” | Invited lecture | 2. Göttinger Lebertag 2017 | Prof. Michael Ghadimi | Göttingen | Germany
- 19/2017 “Rapid liver hypertrophy after portal vein occlusion correlates with the degree of collateralization between lobes – a study in pigs” | Accepted presentation | Annual Meeting of the Swiss Society of Gastroenterology and the Swiss Society for the Study of Liver Disease | Prof. Darius Moradpour | Lausanne | Switzerland
- 09/2017 “Successful performance of a laparoscopic Pancreatico-duodenectomy (Whipple/Kausch) procedure | Accepted video presentation | Annual Meeting of the Swiss Society of Gastroenterology and the Swiss Society for the Study of Liver Disease | Prof. Darius Moradpour | Lausanne | Switzerland
- 09/2017 “Fulminant Hepatic Failure and Liver Transplantation” | Grand Rounds | Rush Oak Park Hospital | Oak Park, Illinois
- 11/2017 “How to proceed with unresectable colorectal liver metastases? ALPPS vs. PVE vs. Double embolization?” XXI. Meeting of the Section of HPB surgery of the Spanish Surgical Association Nov 23-24 2017 | Prof. Alessandro Serrablo | Zaragoza | Spain

- 01/08/2017 “Anesthesiological management of laparoscopic liver surgery” | Grand Rounds Anesthesiology | Cantonal Hospital Winterthur | Winterthur | Switzerland
- 01/12/2017 “ Radiology and Surgery- no competition, but a partnernship” | Interventionell Radiologisches Olbert Symposium der DeGIR, ÖGIR UND SSVIR | Salzburg Congress | Salzburg, Austria
